The following notation should be made on the plat of Mineral Survey No. 1130 and the plat of Mineral Survey No. 3886:

"Survey of AZTEC lode claim canceled by State Director's memorandum dated May 31, 1972."

The plats and field notes of both surveys should remain in the files. The original of this memorandum should be made a part of the original field notes of Mineral Survey No. 1130 and the carbon copy of this memorandum should be made a part of the original field notes of Mineral Survey No. 3886.

The Aztec lode claim was relinquished October 16, 1967, in order to qualify patenting a parcel of land under the Mining Claim Occupancy Act. On August 3, 1970, Patent No. 02-71-0004 was issued embracing a portion of the lands within the Aztec lode claim.

E. C. Babbitt, U. S. Deputy Mineral Surveyor, being duly sworn, deposes and says that in the matter of Mineral Survey #1130 for the Black King, Mammoth and other claims claimed by C. L. Hall et al., he failed to submit to the office of the U. S. Surveyor General preliminary oaths of his assistants in the execution of said survey.

The deponent further states that a list of his assistants together with their final oaths appear in his report, but it will be impossible to procure the preliminary affidavits of the chainmen for the reason that he does not know their whereabouts.
